Such resources may include, for example: experience in delivering the services that are the subject of the procurement from a company belonging to the same group or another company, provided that this entity is named in the tender as a subcontractor for those services professional qualifications of personnel employed by another company, provided that the persons actually participate in the performance of the service resources related to financial situation and financing capacity resources related to technical performance, provided that these resources are actually used in performing the contract.

5. EVALUATION OF TENDERS

5.1 Suitability of tenderers

Before evaluating tenders, it will be assessed whether tenderers meet the requirements set for financial and economic standing, technical performance, and professional competence. Suitability is assessed based on the information provided in the tender (ESPD form and other requested information). Tenderers are requested to verify that the information in the system is correct before submitting their tender. Tenderers will be excluded from the procedure if they or a person with representation, decision-making, or supervisory authority has committed any of the offences listed in Article 57(1) of the Procurement Directive or aggravated usury-type labour exploitation under Chapter 47, Section 3a of the Finnish Criminal Code (mandatory exclusion grounds). Tenderers may also be excluded on discretionary exclusion grounds as defined in procurement legislation.

5.2 Compliance of tenders with the request for tenders

The offered services must comply with the request for tenders and its appendices. The tenderer must answer all questions and attach all requested clarifications. Tenders that do not comply with the request for tenders will be excluded from the procedure.

5.3 Comparison of tenders

The comparison of tenders will be carried out as described under "Award criteria".

5.4 Procurement decision and notification

The procurement decision will be sent electronically to all tenderers. The contract is not concluded by notification of the procurement decision and requires a separate written agreement. The contract may be signed once the procurement decision has become legally binding or a court has permitted implementation of the procurement.
