Nosaukums: ABAP developer CC HR

Apraksts: The Norwegian Defence Materiel Agency (FMA) is the contracting authority and responsible for implementing the procurement. FMA is a part of the defence sector, directly under the Ministry of Defence (FD). FMA shall ensure that the Norwegian Armed Forces and other entities in the defence sector have access to cost efficient and secure material and services in line with approved long-term plans. FMA's main assignments are planning, procurement, management and disposal of material for the Norwegian Armed Forces and other departments under FD. Organisational reasons can be required during the contract period to transfer the resource to Cyber Defence's IT Department (CIT) DRIV. DRIV is responsible for the technical operation and further development (DEVSECOPS) of the Joint Integrated Management System (FIF). FIF is a SAP ERP system integrated with a number of other different applications. Internal processes are based on flexible frameworks (Scrum, SAFE), the Security Act and different industry standards for safety and ITIL for operation. DRIV consists of approx. 150 persons, most of whom are located in Oslo. Both employees and consultants staff the organisation. The aim of this notice is to fill the role of ABAP developer in project P1160 "Critical Upgrade of ERP" and support one or several product teams within one or several product areas in CIT DRIV. The consultant shall strengthen the product area's capacity within ABAP, primarily towards a transition from ECC to S/4 Hana. Secondary towards operation and development of user specified functionality. The role shall contribute with experience and knowledge from previous upgrades and will work closely with the Development Architect, Value Management Office and product team. The role can involve cooperation with any other departments and/or projects in the Norwegian Armed Forces.
