2.1. Procedūra

Nosaukums: Establishment, operation and maintenance of a 24 hour resting place for heavy vehicle transport along the E16 Håbakken - Voss

Apraksts: The contracting authority invites tenderers to a competition for the establishment, operation and maintenance of a 24 hour resting place for heavy transport along the E16 on the Håbakken - Voss stretch. The contracting authority needs approx. 50 parking places for heavy transport on the stretch E16 Håbakken-Voss. The individual 24 hour resting places shall have a minimum of 10 and maximum 30 placement places, and shall include a service facility with toilets/showers. Charging stations are to be established in accordance with requirements in point 3.2 hours. The 24 hour resting place shall fulfil the requirements in chapter 3. Tenders can be submitted for one or more locations that fulfil the requirements in the tender documentation. Each offered 24 hour resting place will be assessed as an independent tender. The contracting authority shall have a maximum of 24 hour resting place per municipality. A maximum of one contract will therefore be awarded for 24 hour resting places per municipality. The contracting authority can award contracts to one or more tenderers. The tenders will be evaluated and ranked in accordance with the competition's award criteria. The contract will be awarded to the tenders that together give the best relationship between price and quality and that best cover the contracting authority's need for placement places on the stretch. The 24 hour resting place shall be ready for opening at the latest 16 months after the contract has been signed and the contract will apply for 10 years from the opening hours. The contracting authority has the option to extend the contract for 1+1 year, so that the total possible lease period is 12 years. The charging infrastructure shall be completed and in operation in point 3.2 hours.

5.1.9. Atlases kritēriji

Atlases kritēriju avoti: Paziņojums

Kritērijs: Citi ekonomiski vai finansiāli prasījumi

Atlases kritērija apraksts: Tenderers must have sufficient financial capacity to fulfil the contract. In order to fulfil the requirement, it is sufficient for the tenderer to be assessed as credit worthy based on Experians Commercial Delphi score. If a tenderer is assessed lower than credit worthy, the contracting authority can undertake an overall assessment based on additional information. Documentation requirements: The contracting authority will obtain a credit rating from Experian. If there is any doubt, the contracting authority can obtain further information from the tenderer.

Kritērijs: Instrumenti, rūpnīcas vai tehniskā aprīkojuma

Atlases kritērija apraksts: The tenderer must have a reason. Documentation requirements: Tenderers shall present the following documentation: 1. Basic book/home information, or 2. Documentation confirming the right to use property if the tenderer is not the landowner. In addition to either 1st or 2nd years, the tenderer shall deliver a map showing the area planned to be used for a 24 hour resting place.

Kritērijs: Citi ekonomiski vai finansiāli prasījumi

Atlases kritērija apraksts: Tenderers shall have their tax, payroll tax and VAT payments in order. Documentation requirements: Tenderers shall present a tax and VAT certificate issued by a competent body in the tenderer's home country, or the country where the tenderer is established. The certificate shall show whether the tenderer has fulfilled his obligations to pay taxes, duties and social security contributions. The certificate shall not be older than six months calculated from the date the contracting authority gives notice on who has won the contract.

Kritērijs: Instrumenti, rūpnīcas vai tehniskā aprīkojuma

Atlases kritērija apraksts: The tenderer can, if necessary, rely on other companies' capacity to fulfil the requirements for economic and financial capacity and/or the requirements(s) for technical and professional qualifications. Documentation requirements: * If a tenderer will use the capacity of other companies to fulfil the requirements for economic and financial capacity, a declaration of joint and several liability to the contracting authority shall be enclosed. * If a tenderer will use the capacity of other companies to fulfil the requirements for technical and professional qualifications, each company shall submit a commitment statement or equivalent that documents access to the necessary resources. The commitment statement shall state which disciplines are available. Tenderers are encouraged to use a template for a commitment statement that is attached to this tender documentation. If a tenderer will use the capacity of

other companies to fulfil the requirements of relevant experience, these entities shall carry out the services or the building and construction work that requires such qualifications. Each individual entity that the tenderer will use shall fill in a separate ESPD form when submitting a tender. The form is available as an integrated part of the KGV system.

Kritērijs: Instrumenti, rūpnīcas vai tehniskā aprīkojuma

Atlases kritērija apraksts: Several tenderers can participate in the competition jointly. The community must see to the necessary documentation that all the qualification requirements are met. Tenderers who participate as a working partnership will be assessed collectively for the qualification requirements of economic and financial capacity and technical and professional qualifications. **Documentation requirements:** Tenderers shall submit the following documentation: • An account of the (work) community, including the role of each participant. • Each individual entity in the (work) group shall submit a tax certificate. • In order for the working partnership to be assessed collectively, commitment statements or equivalent must be presented between the tenderers who will use the capacity of other participants in the group. • Declaration of joint and several liability to the contracting authority. If a tenderer will use the capacity of other companies to fulfil the requirements of relevant experience, these entities shall carry out the services or the building and construction work that requires such qualifications. Each individual entity that the tenderer will use shall fill in a separate ESPD form when submitting a tender. The form is available as an integrated part of the KGV system.

Apraksts: In procurements, the contracting authority that weights the award criteria, shall weight climate and environmental considerations with a minimum of thirty percent. If the contracting authority sets the award criteria in prioritised order, climate and environment considerations should be among the three highest prioritised. Award criteria for climate and environment can be replaced or combined with climate and environmental requirements in the requirement specification if this gives a better climate or environmental effect. This shall be justified in the procurement documents. Several different requirements are made in the requirement specification, including: - All areas that must be developed shall have an asphalt-EDP that is lower than 45 kg/tonne in accordance with NS-EN 15804+A2:2019. - Charging stations shall be established for electric lorries. - Cleaning shall be carried out with environmentally friendly products. By setting minimum requirements in the contract, we are

largely ensured a climate and environmental effect and we therefore consider the climate and environmental gains in this procurement to be better safeguarded through such a requirement position rather than the use of climate and environment as the award criteria.

Documentation requirements: * If a tenderer will use the capacity of other companies to fulfil the requirements for economic and financial capacity, a declaration of joint and several liability to the contracting authority shall be enclosed. * If a tenderer will use the capacity of other companies to fulfil the requirements for technical and professional qualifications, each company shall submit a commitment statement or equivalent that documents access to the necessary resources. The commitment statement shall state which disciplines are available. Tenderers are encouraged to use a template for a commitment statement that is attached to this tender documentation. If a tenderer will use the capacity of other companies to fulfil the requirements of relevant experience, these entities shall carry out the services or the building and construction work that requires such qualifications. Each individual entity that the tenderer will use shall fill in a separate ESPD form when submitting a tender. The form is available as an integrated part of the KGV system.

Kritērijs: Instrumenti, rūpnīcas vai tehniskā aprīkojuma

Atlases kritērija apraksts: Several tenderers can participate in the competition jointly. The community must see to the necessary documentation that all the qualification requirements are met. Tenderers who participate as a working partnership will be assessed collectively for the qualification requirements of economic and financial capacity and technical and professional qualifications. Documentation requirements: Tenderers shall submit the following documentation: • An account of the (work) community, including the role of each participant. • Each individual entity in the (work) group shall submit a tax certificate. • In order for the working partnership to be assessed collectively, commitment statements or equivalent must be presented between the tenderers who will use the capacity of other participants in the group. • Declaration of joint and several liability to the contracting authority. If a tenderer will use the capacity of other companies to fulfil the requirements of relevant experience, these entities

shall carry out the services or the building and construction work that requires such qualifications. Each individual entity that the tenderer will use shall fill in a separate ESPD form when submitting a tender. The form is available as an integrated part of the KGV system.

Apraksts: In procurements, the contracting authority that weights the award criteria, shall weight climate and environmental considerations with a minimum of thirty percent. If the contracting authority sets the award criteria in prioritised order, climate and environment considerations should be among the three highest prioritised. Award criteria for climate and environment can be replaced or combined with climate and environmental requirements in the requirement specification if this gives a better climate or environmental effect. This shall be justified in the procurement documents. Several different requirements are made in the requirement specification, including: - All areas that must be developed shall have an asphalt-EDP that is lower than 45 kg/tonne in accordance with NS-EN 15804+A2:2019. - Charging stations shall be established for electric lorries. - Cleaning shall be carried out with environmentally friendly products. By setting minimum requirements in the contract, we are largely ensured a climate and environmental effect and we therefore consider the climate and environmental gains in this procurement to be better safeguarded through such a requirement position rather than the use of climate and environment as the award criteria.

5.1. Daļa: LOT-0003

Nosaukums: Establishment in Lærdal municipality

Apraksts: The contracting authority invites tenderers to a competition for the establishment, operation and maintenance of a 24 hour resting place for heavy transport along the E16 on the håbakken - Voss stretch. The contracting authority needs approx. 50 parking places for heavy transport on the stretch E16 Håbakken-Voss. The individual 24 hour resting places shall have a minimum of 10 and maximum 30 placement places, and shall include a service facility with toilets/showers. Charging stations are to be established in accordance with requirements in point 3.2 hours. The 24 hour resting place shall fulfil the requirements in chapter 3. Tenders can be submitted for one or more locations that fulfil the requirements in the tender documentation. Each offered 24 hour resting place will be assessed as an independent tender. The contracting authority shall have a maximum of 24 hour resting place per municipality. A maximum of one contract will therefore be awarded for 24 hour resting places per municipality. The contracting authority can award contracts to one or more tenderers. The tenders will be evaluated and ranked in accordance with the competition's award criteria. The contract will be awarded to the tenders that together give the best relationship between price and quality and that best cover the contracting authority's need for placement places on the stretch. The 24 hour resting place shall be ready for opening at the latest 16 months after the contract has been signed and the contract will apply for 10 years from the opening hours. The contracting authority has the option to extend the contract for 1+1 year, so that the total possible lease period is 12 years. The charging infrastructure shall be completed and in operation in point 3.2 hours.
