2.1. Procedūra

Nosaukums: R0015EBE - Framework agreement for lift control

Apraksts: The procurement concerns a framework agreement with one tenderer for periodic security checks of all registration obliged lifting devices that are included in Bergen municipality c/o the Department for Buildings and Properties' property portfolio. The municipality currently has 174 lifts and 132 lifting platforms. The contract can only be carried out by a certified and independent safety control body (SKO). The facilities are placed in buildings divided between three portfolios with each service provider, respectively (1) schools and nurseries, (2) administration and cultural buildings and (3) health buildings. Lists of installations with the accompanying information are attached to the tender documentation. The number of sites can be changed during the contract period due to new buildings, replacements, modernisations, disposals, temporary closures and altered buildings. Other installations in accordance with the machine directive and lift directive may be included in the contract, including the lifting devices that the municipality does not currently have. The contracting authority shall also be able to order additional services beyond periodic inspections such as sample checks, inspections of accidents, control after near-accidents, inspections after modernisation, control by alterations, inspections of owner changes, technical assistance as well as professional assessments and reviews/cooperation on systems. Such services are carried out according to the hourly rate stated in Annex 4A - Price Form. Most of the properties consist of approx. 100 schools and 60 nurseries, in addition to nursing homes, administration buildings, cultural buildings, car parks, the Bergen harbour and sports facilities, with the accompanying outside areas. Some of the buildings are listed/listed with an antiquarian value.

5.1.9. Atlases kritēriji

Atlases kritēriju avoti: Eiropas vienotais iepirkuma procedūras dokuments (ESPD), Paziņojums
Kritērijs: Reģistrācija tirdzniecības reģistrā

Atlases kritērija apraksts: The tenderer is registered in a company register or a trade register in the member state in which the tenderer is established. As described in annex XI of directive 2014/24/EU; suppliers from certain member states may have to fulfil other requirements in the mentioned annex. Minimum qualification requirements Tenderers shall be a legally registered company. Documentation: Documentation: Documentation must not be enclosed for tenderers registered in the Norwegian Register of Units. The contracting authority will check the registration by using the organisation number stated in the tenderer's Merccell profile. Tenderers who are not registered in the above register must present a certificate or confirmation (equivalent company registration certificate) for registration in a trade or business register as prescribed by the law of the country where the tenderer is established. Such a certificate shall not be issued more than six months before the tender deadline.

Kritērijs: Citi ekonomiski vai finansiāli prasījumi

Atlases kritērija apraksts: Regarding any other economic and financial requirements that have been stated in the notice or in the procurement documents, the tenderer declares that: Minimum qualification requirements The tenderer has sufficient economic and financial capacity to fulfil the contract. The required financial capacity will be assessed in relation to the contract's value, benefits, risk and duration. All the received and any obtained information will form the basis for an overall assessment of whether the qualification requirement is fulfilled. Documentation requirement: The contracting authority will check a credit rating carried out by the credit company Creditsafe. Tenderers do not need to enclose their credit rating. Newly established tenderers can submit a bank statement as proof of credit worthiness. Foreign companies: The contracting authority will check the tenderer's financial situation from Creditsafe (<https://www.creditsafe.com>). If the tenderer is not registered in Creditsafe's registers, the company's last two auditor approved annual accounts shall be submitted upon request. If information in the above sources is not correct or supplementary information is needed to highlight the company's economic and financial situation, this can be provided.

Kritērijs: Atsauksmes par noteiktām pakalpojumiem

Atlases kritērija apraksts: Only for services: In the reference period, the tenderer has carried out the following important goods deliveries of the requested type, or the following important services of the requested type. The contracting authority can require up to three years experience and allow experience from the previous three years to be taken into consideration. Minimum qualification requirements Tenderers shall have good and relevant experience. The experience shall include deliveries of equivalent complexity as the delivery requested in this competition. Documentation requirement: Relevant experience shall be documented by stating a minimum of three (3) and a maximum of five (5) reference projects from the last three (3) years. The references are to be added directly to Merccell as a response to this point. If more than five reference projects are given, only the first five will be assessed.

Kritērijs: Neatkarīgu iestāžu sertifikāti par kvalitātes nodrošināšanas standartiem
Atlases kritērija apraksts: Can tenderers submit certificates issued by independent bodies that document that the tenderer fulfils the stated quality assurance standards, including universal design requirements? Minimum qualification requirements The contracting authority requires that all tenderers have implemented a quality management system that is satisfactory to ensure the quality of execution in this contract. Documentation requirement: Description of the company's implemented quality management system. A certificate shall be submitted for the company's quality management system issued by independent bodies that confirm that the company fulfils certain quality management standards, for example ISO 9001. If the company does not have such certificate, other documentation of the company's quality management system shall be provided. In such cases as a minimum the following shall be submitted: + the system's name and detailed table of contents + general description of the contents of the system, including an overview of control plans and check-lists that are relevant for this contract + organisation chart showing the responsibilities in the quality management system + description of routines for internal control and handling of deviations (work with corrective and preventive measures) + a description of how the system will be used to ensure the quality of this contract. All received or obtained documentation will form the basis for an overall assessment of whether the qualification requirement is fulfilled.

Kritērijs: Neatkarīgu iestāžu sertifikāti par vides pārvaldības sistēmām vai standartiem
Atlases kritērija apraksts: Is the tenderer able to submit certificates issued by independent bodies as documentation that the tenderer fulfils the stated environmental management systems or standards? Minimum qualification requirements The contracting authority requires that all tenderers have implemented procedures and systems, certified by independent third parties, that ensure that the execution of this contract has a low impact on the environment. Documentation requirement: Certificate issued by an independent body approved for certification. The certificate must confirm that the tenderer's environmental management system complies with requirements in a relevant standard. Documentation is required that the tenderer either has an Eco-lighthouse certificate, is EMAS certified, is certified in accordance with ISO 14001, or have a valid certificate from other relevant environmental management schemes or standards. If a tenderer does not have such a certificate, the tenderer must provide other documentation for environmental management measures that are equivalent to a relevant environmental management scheme or standard. Tenderers must also document that the measures are equivalent to those required in accordance with such an environmental management scheme or standard. Tenderers who are qualified on the basis of other documentation for environmental management measures than the third-party certification that is awarded the contract, will be obliged to carry out third-party certification of their environmental management system. This is further described in the contractual requirements that are included in the annex for changes to the standard contract.
