5.1.9. Kriterji tal-għażla

Sors tal-kriterji ta' għażla: Avviż

Kriterju: Referenzi fuq servizzi speċifiċi

Deskrizzjoni tal-kriterju ta' selezzjoni: It is a minimum requirement that the tenderer provides at least three (3) references relating to comparable business activities. For the purposes of this requirement, CPH considers comparable business activities to include the operation of electronics retail stores. It is not required that the references evidence experience from an airport setting. The references must relate to contracts that have been carried out during the three (3) years preceding the tender deadline. Ongoing contracts may be relied upon, provided that the contract has been performed for at least twelve (12) months prior to the tender deadline. The reference requirement can be fulfilled through references where the tenderer has been a supplier or subcontractor. The decisive factor is that the tenderer has performed the work covered by the reference. Please note that a tenderer may in its ESPD state only its own references, i.e. for the specific legal entity (e.g. company) in question. This means for example that group companies' references may be considered only if the tenderer relies on the group companies in question in relation to suitability and if separate ESPDs and letters of commitment are submitted for these group companies, see below. As for consortia, the consortium members combined must meet the minimum requirement. As for tenderers relying on the technical and professional suitability of other economic operators, the tenderer and the committed entity combined must meet the minimum requirement.

5.1.10. Kriterji tal-għoti

Kriterju:

Tip: Prezz

Isem: Financial

Deskrizzjoni: The economic operator must complete and submit Annex A (Financial offer). All blanks marked yellow in Annex A must be filled out by the tenderer. Annex A constitutes the tenderer's combined financial offer across all three locations. The offered concession fees will be aggregated into one effective concession fee (%) applicable across all locations, while the minimum annual rent (per IDP) is to be stated separately per contract and will be aggregated for evaluation purposes. The overall assessment of "Financial" is based on the two (2) sub-sub-criteria described above and is calculated with two decimal places. The sub-sub-criteria are evaluated separately. No indexation is applied for evaluation purposes. All prices must be quoted in Danish kroner (DKK) excluding VAT (but including any other indirect taxes).

16.2.1.1. Sub-sub-criterion "Effective concession fee (%)" (50%) The tenderer must state the offered concession fee percentages in Annex A (Financial offer), including the definition of product categories, the offered concession fee (%) for each category, and the expected distribution of turnover across the categories (expressed in percentage terms). The expected distribution of turnover across the categories stated must in total equal 100%. The stated concession fees per category, the definition of product categories and the expected distribution of turnover across the categories cover all three (3) contracts. The tenderer must submit concession fees for a minimum of one (1) and a maximum of five (5) product categories. For evaluation purposes, CPH will calculate an effective concession fee (%) as a weighted average of the offered concession fees across the categories defined by the tenderer, where the expected turnover distribution is used solely as weighting factors. The effective concession fee (%) represents a weighted average reflecting the expected sales distribution provided by the tenderer. When assessing "Effective concession fee (%)", emphasis will be placed on as high a value as possible. For the avoidance of doubt, the expected turnover distribution provided by the tenderer will not be evaluated as a separate parameter but will only be used for the calculation of the effective concession fee (%). CPH will use a scoring system in which the effective concession fees are translated into scores ranging

from a minimum of 0 points to a maximum of 10 points: • The tenderer offering the highest effective concession fee will achieve the maximum score of 10 points. • An effective concession fee equal to 50% of the highest offered effective concession fee will achieve a score of 0 points. • All other tenderers will be scored based on a linear interpolation between these two values. • If one or more tenders fall below 50% of the highest offered effective concession fee, the lower bound will be adjusted in increments of 10 percentage points to the minimum level required to include all submitted tenders. • If all tenderers submit identical effective concession fees, all tenderers will be awarded 10 points

16.2.1.2. Sub-sub-criterion “Total minimum annual rent (per IDP)” (50%) The tenderer must state the offered minimum annual rent (per IDP) for each location in Annex A (Financial Offer), which will be adjusted in accordance with the lease agreement. The minimum annual rent (per IDP) for each location will serve as the minimum guaranteed payment to CPH. For evaluation purposes, the total minimum annual rent (per IDP) is calculated as the sum of the minimum annual rent (per IDP) offered for the three locations. The estimated IDP in the Financial offer (Annex A) for the lease period, provided by CPH, is not binding. When assessing “Total minimum annual rent (per IDP)”, emphasis will be placed on as high a total minimum annual rent per IDP as possible. The minimum annual rent per IDP must be quoted in Danish kroner (DKK) excl. VAT (but including any other indirect taxes, duties etc.) CPH will use a scoring system in which the total minimum annual rents (per IDP) are translated into scores ranging from a minimum of 0 points to a maximum of 10 points: • The tenderer offering the highest total minimum annual rent (per IDP) will achieve the maximum score of 10 points. • A total minimum annual rent (per IDP) equal to 50% of the highest offered total minimum annual rent (per IDP) will achieve a score of 0 points. • All other tenderers will be scored based on a linear interpolation between these two values. • If one or more tenders fall below 50% of the highest offered total minimum annual rent (per IDP), the lower bound will be adjusted in increments of 10 percentage points to the minimum level required to include all submitted tenders. • If all tenderers submit identical total minimum annual rents (per IDP), all tenderers will be awarded 10 points
