A more detailed description of the subject matter of the procurement is provided in Annex 1 "Description of the Procurement Digital Participation Platform" The procurement has not been divided into lots, as the contracting authority considers that the works included in the procurement constitute a single whole, the division of which into separate lots would be inappropriate for technical and economic reasons (Act on Public Procurement and Concession Contracts 1397/2016, Section 75). Elementi prinċipali tal-proċedura: PROCESSING OF TENDERS Before comparing the tenders, it will be assessed whether the tenderers meet the suitability requirements set out in the call for tenders. The preliminary assessment of the tenderers' suitability will be carried out on the basis of the information provided in the tender and any clarifications that may be requested from the tenderers. A tenderer who does not meet the required suitability criteria will be excluded from the tendering process. A tenderer subject to an exclusion ground under Section 80 of the Public Procurement Act will be excluded from the tendering process. A tenderer may also be excluded from the tendering process based on other exclusion grounds referred to in Section 81 of the Public Procurement Act. The contracting authority will verify the information provided in the ESPD through official registers or, if necessary, request the winner (s) of the tendering process to provide documents demonstrating compliance with the suitability requirements. In addition, the winner(s) will be required to submit criminal record

extracts to verify the mandatory exclusion grounds mentioned above. The services offered must comply with the requirements set out in the call for tenders and its annexes. The tenderer must respond to all questions and attach all requested documents to the tender. Tenders that do not comply with the requirements of the call for tenders or the tendering procedure will be excluded from the tendering process. The comparison of tenders will be carried out as described in the sections "Criteria for the Object of Procurement" and "Decision-Making Criteria". If the information or documents included in the request to participate or the tender are incomplete or missing, the contracting authority has the right, but not the obligation, to request the tenderer to clarify or supplement the information or documents within a deadline set by the contracting authority. The contracting authority has the right to request clarification from a tenderer regarding an abnormally low tender. A tender may be rejected if the explanation provided by the tenderer and the evidence submitted do not satisfactorily justify the low level of the offered prices or costs. The offered prices must correspond to normal market price levels. Intentional price manipulation ("price dumping") is prohibited and may result in the exclusion of the tender from the competition. The contracting authority reserves the right to cancel the procurement for a justified reason. The contracting authority will inform the tenderers immediately if the procurement is cancelled. Substantially incomplete tenders will be rejected. The contracting authority may, at its discretion, request clarifications from the tenderer before rejecting a tender.
