2.1.4. Algemene informatie

Aanvullende informatie: Economic operators are encouraged to seek clarification of any uncertainties and ambiguities by asking questions about the Tender Material. Furthermore, it should be noted that this tender is conducted as a 'Negotiated procedure with prior call for competition', and that adjustments to the Tender Material may occur as part of potential

negotiations. As part of the application, economic operators must ensure that a duly completed version of the European Single Procurement Document (ESPD) is submitted. The ESPD is the economic operator's 'self-declaration' serving as preliminary evidence that the economic operator is not subject to the mandatory and, if selected, voluntary grounds for exclusion and meets the requirements for suitability. According to Executive Order no. 1078 of 29/06/2022, § 11, economic operators for the current tender must not be subject to the mandatory exclusion grounds specified in sections 134a, 135, and 136 of the Public Procurement Act. Furthermore, economic operators for the current tender must not be subject to the exclusion grounds listed in section 137, paragraph 1, no. 2. Economic operators covered by the included exclusion grounds in sections 135-137 may only participate in the tender if documentation of reliability is presented, cf. section 138 of the Public Procurement Act. The contracting authority will request a "Serviceattest" (<https://erhvervsstyrelsen.dk/serviceattest-ved-udbud>) as documentation that economic operators are not subject to the exclusion grounds specified in section 135, paragraph 1, 2, and 3 (and if selected, section 137, paragraph 1, no. 2) of the Public Procurement Act. If the economic operator originates from another Member State, they must provide equivalent documentation in the version and/or from the authorities relevant in that Member State. The contracting authority reserves the right at any time during the procurement procedure to request an applicant or tenderer to submit documentation if necessary to ensure that the procedure is carried out correctly. The EU sanctions against Russia entail that economic operators subject to EU sanctions under EU Regulation no. 833/2014 as amended, article 5k, are excluded from participating in the tender. By submitting an application, the applicant confirms not to be subject to this. Conditions for participation in the form of consortia or through the use of supporting entities are described in the Tender Material. The contracting authority reserves the right to complement, supplement, or complete applications and tenders. Site visit at Havnegade 120, 5000 Odense; In connection with the tender procedure, an inspection of the site of installation will be made available at Havnegade 120, 5000 Odense in week 17-18 prior to the submission of application. The inspection constitutes a voluntary opportunity for tenderers to familiarize themselves with the site prior to the submission of tenders. No additional information will be provided on the day, other than a brief introduction by the Contracting Authority and a guided tour. Any specific questions must subsequently be submitted in writing via Comdia, and responses will be published in the Q&A section of Comdia. Prior registration is mandatory and must be submitted to Thomas Havers at th@fjernvarmefyn.dk and/or Laura Meyer Hansen at lmh@fjernvarmefyn.dk.
