2.1. Procedure

Titel: “Construction works for the Basic project for the Upgrade of the Markova Noga Police Station on construction plot 1.1.3 of the Urban Design for Buildings of State importance for the Border Crossing “Markova Noga-Lemos” 2nd phase of the implementation of the Basic Project for the construction of the facility “Border Crossing Markova Noga - Lemos” with technical number 0308-661-777/2022 of 11.2022”

Beschrijving: Short description of the contract: Works contract involves the reconstruction and upgrade of the existing Border Police facility located near Markova Noga, in the village of Dolno Dupeni, adjacent to the Greek border. The current structure, originally built in the mid-20th century and previously used by the JNA, consists of three connected modules of varying construction types. Following inspections and structural assessments, the design proposes retaining the left and right modules while demolishing the central section to create a new entrance hall, stairway, and access points. The renovation will include a new roof, upgraded structural elements, and a covered courtyard serving as the main entry and parking area. The interior layout is planned to support the station's operational needs, including offices, storage, reception, and duty areas, while the new upper floor will house administrative offices, staff facilities, restrooms, and a communal space with a kitchen and terrace. Additionally, a covered walkway will connect this building with the nearby Border Crossing (BC) complex used by both the Border Police and Customs. Parking provisions include one nearby public space and four official spaces within the plot. Works will be implemented following the PRAG Conditions of Contract. Type of procedure: Open

Identificatiecode van de procedure: 9f5b2fd9-4c81-46aa-bd26-1edd7fb5de9e
