Predictability in costs and quality, as well as ensuring that the work is carried out in accordance with the current laws, regulations and municipal guidelines. Interne identificatiecode: 26/05449

Type procedure: Openbaar

De procedure wordt versneld: neen

Belangrijkste kenmerken van de procedure: The framework agreement shall include, among other things: - Procurement and delivery of fences, braids, wrought iron and/or gates - Purchase and delivery of associated parts for fences and gates - Installation of new fences or gates - Assembly of fences and gates - Removal of fences and gates - Installation of electrical gates with associated elements The framework agreement also includes repairs of existing fences and gates, including patching netting, replacing and creating fence posts, gates, gate posts, hinges, locks, disassembly and removal of old fences/gates etc. The list above is not exhaustive. There can be other needs that are not listed, but that still belong to work in connection with the purchase and delivery of fences and gates. The contracting authority will be able to use its own personnel for assembly, installation, repairs and moving where appropriate. Nordre Follo municipality has separate framework agreements for landscape

gardening with the accompanying services as well as separate contracts for contracts where building fences etc. can be covered by the already existing agreements and will, therefore, not be included in this agreement. The municipalities are dependent on the administrative and political decisions that are made at all times, including annual grants/budgets and the extent will therefore vary. The contract is subject to changes in the budget and other factors that can affect the delivery's value. Based on the current consumption, the procurement is estimated to be approx. NOK 8 million excluding VAT over 4 years, with a maximum framework value of NOK 12 million excluding VAT. The estimate is not binding for the Contracting Authority and does not give the Tenderer any requirement for a specific call-off volume or a specific turnover under the contract. Call-offs will occur continuously based on actual need.
