2.1. Procedura

Tytuł: Portable restrooms and Sewage services for the Poland AP 1000 Project

Opis: Experienced and qualified Companies are invited to provide following services (commodity code UB00): • Supply, installation and servicing of portable toilets, • Supply, installation and servicing of portable sinks, • Additional sewage removal and disposal from on-site septic tanks. This service is required to support the construction of the Poland Nuclear Power Plant. The scope of work includes the supply, maintenance, and removal of portable toilet/sinks units, as well as the removal of sewage from septic tanks at the construction site. Interested Companies must register/update their Contractor's information in Bechtel's iSupplier portal at <https://supplier.becpsn.com> link and select commodity code UB00 as their specialty. If Contractor has any questions or intends to express interest in bidding this requirement, the Company shall notify Bechtel's Contact Person. At that point, Bechtel shall provide the interested party the Poland Prequalification Questionnaire which Company would complete with response to Bechtel for review. Bechtel notes that previous proven experience with portable sanitation services of similar scale and complexity will be mandatory and providing additional documentation / evidence of previous experience may be required. The prequalification questionnaire includes a list of questions required to be considered as prequalified, and examples to include demonstration of (i) experience in providing the portable sanitation services in the past or current projects, (ii) safety record and compliance to quality requirements (see section 7), (iii) compliance to certification of legally mandatory requirements (including anti-corruption and sanctions), (iv) financial standing (solvency), and (v) organizational capabilities. In the event of high competitiveness of the proceedings (a large number of companies expressing interest), Bechtel reserves the right to conduct a preliminary preselection of companies for further proceedings, which demonstrate the greatest potential for performing the scope of work. Upon Bechtel's evaluation of a response to the Poland Prequalification Questionnaire, Bechtel will notify if the Company meets, conditionally meets, or does not meet the prequalification requirements that closely match the requirements. A Company's submission of Prequalification Questionnaire does not automatically qualify the Company to be a pre-qualified Company. Bechtel reserves the right to exclude any of the

following from this Competitive Bidding process: a. any economic operator that is directly or indirectly owned or controlled by an entity from a country not covered by the Government Procurement Agreement ("GPA") with the EU; or b. economic operators who rely in the Competitive Bidding process on capacities of any entities from countries not covered by the GPA with the EU. Such decision of Bechtel shall not be subject to complaint. Each prequalified Company will be required to execute a Non-Disclosure Agreement (NDA). Companies meeting the prequalification criteria and who have executed the NDA will be invited to submit the proposals for portable sanitation services at Jobsite. The Request for Quotation (RFQ) shall include the award criteria, scope of work, specifications, drawings, datasheets, terms and conditions, and schedule data. The RFQ shall be issued via Bechtel's Digital Supply Chain System automation tool. The RFQ document will include the scope of services at Jobsite on the Poland AP1000 Project. The Company is responsible for providing fully qualified personnel to perform sanitation services. Additionally, the company shall provide uniforms and equipment in accordance to scope of work. The Company is required to have: • ISO 9001 or equivalent • ISO 45001 and ISO 14001 • Seller's activities will need to comply with Polish Law and National Standards. Proposals may be provided in either EURO or PLN or USD. Furthermore, the proposals will be requested as a fixed unit rate items. Award criteria shall be based on a combination of the highest evaluated scored bidder with consideration of the following key criteria in order of relevance, together with cost, which will determine the final decision for award which will be detailed further in the Bid Document(s) and during the RFQ phase. a. Technical Capability b. Previous Proven Relevant Experience c. Environmental Health and Safety Performance The Customer shall be responsible for monitoring the Contractor's compliance with the competitive procedure. Thus, the Contractor shall transmit any complaint received to the Customer. The Customer reserves the right to audit of the Contractor's selection of subcontractors under the competitive procedure, in line with the requirements of the Prime Contract.
