A recurrence of the experience requirement has been discovered in the ESPD form under the qualification requirements. Point C "Technical and professional qualifications" requires a description of experience, both in the field "Only for services" and under a separate point for "Experience Requirements". This was because a boilerplate text was not removed when setting up the competition by an error. The default text has now been removed. Experience is therefore only required: C: Technical and professional qualifications Services only Only for services: In the reference period, the tenderer has carried out the following important goods deliveries of the requested type, or the following important services of the requested type.
