Principais características do processo: The procurement procedure will be carried out as an open procedure pursuant to section 56-57 of the Danish Public Procurement Act (Act no. 1564 of 15 December 2015 with subsequent amendments). This means that any interested economic operator can submit a tender in response to the contract notice. The NHMD will award the contract to the most economically advantageous tender based on the criteria 'best price-quality ratio'. Tenderers are excluded from participating in the procurement procedure if they are subject to one or more of the grounds for exclusion in sections 134(a) and 135-136 of the Danish Public Procurement Act. Furthermore, tenderers are excluded from participating in the procurement procedure if the tenderer (including other participants in an association,

consortium or similar) is covered by article 5k of Regulation (EU) No 833/2014. To document that the tenderer is not subject to grounds for exclusion stipulated in sections 135-136 of the Danish Public Procurement Act, the NHMD expects to ask the tenderer to submit: • An extract from the relevant register or a similar document issued by a competent judicial or administrative authority stating that the tenderer is not subject to the grounds for exclusion stipulated in section 135(1). • A certificate issued by the competent authority in the country referred to as documentation that the tenderer is not subject to the grounds for exclusion stipulated in the cases stated in section 135(3). To document that the tenderer fulfils the requirements for suitability for participation in this procurement procedure the NHMD expects to ask the tenderer to submit: • An audited annual report or equivalent documentation stating the tenderer's turnover, equity and equity ratio. If an annual report is not required under the law of the country in which the tenderer is established or if the tenderer's annual report doesn't contain the required information the NHMD will accept a signed declaration from the tenderer's external accountant as equivalent documentation. • Documentation of the number of employees at the deadline for submission of the prequalification application, e.g., a signed declaration from the candidate's external accountant. • Contact information (email and telephone number) to contact persons at the costumers mentioned as references in ESPD (or an appendix to the ESPD) if such contact information is not included in the ESPD (or an appendix to the ESPD). In this procurement procedure the NHMD intends to request the documentation regarding the information provided in the ESPD from the tenderer in connection with the evaluation of the tenders. The tenderer will be asked to submit the documentation within a suitable time limit. The NHMD will not be remunerating tenderers for their participation in the procurement procedure.
