5.1.10. Criterii de atribuire

Criteriu:

Tip: Calitate

Denumire: VAT/Indirect Tax Compliance

Descriere: GÉANT requires a clear understanding of how the Bidder will deliver reliable, accurate and timely VAT compliance services across all mandatory day-one jurisdictions. Given the volume, frequency and regulatory complexity associated with VAT reporting, this criterion provides key insight into the Bidder's ability to manage VAT data flows, perform appropriate checks and controls, and coordinate return preparation, associated filings (including digital/electronic VAT filings) and deadline management in a consistent and structured manner. Through this criterion, GÉANT seeks to understand whether the proposed VAT reporting approach represents a coherent end-to-end delivery model that supports compliance accuracy, transparency and effective oversight, and whether it demonstrably reduces the risk of errors, delays or inconsistent VAT treatment across jurisdictions. Please describe your approach to supporting GÉANT's indirect tax compliance in-scope jurisdictions. Your response should cover: - Processes and systems used for the sharing of accounts payable, accounts receivable and equipment movement data by GÉANT and review of prepared returns - Processes and systems used by the Bidder for indirect taxation and associated return preparation and submission. - Processes and systems for the review of GÉANT accounts payable, accounts receivable data and equipment movement data for potential indirect taxation treatment discrepancies or errors. - digital/electronic VAT reporting, including SAF-T, real-time reporting, e-reporting or similar obligations, and coordination with relevant platforms or tax authority systems where applicable. - Knowledge systems and/or updates for the sharing of upcoming legislation changes and articles, including where possible

the ability to customise to countries, industries and tax area. - VAT registrations, maintenance and de-registrations; - deadline monitoring across jurisdictions; - associated filings such as EC Sales Lists, local listings, control statements and Intrastat where applicable; - monitoring of VAT-related PE/fixed establishment risk.

Denumire: Price

Descriere: Please complete the pricing schedule (Annex B) in full and provide your charges for the services within scope of this tender. Prices must cover all costs associated with delivery of the services within the scope of the ITT, indicated per annum. The pricing sheet includes the following three sections: 1. Indirect VAT: fees for indirect tax compliance services in all in scope jurisdictions, consisting of periodic VAT returns, annual VAT returns EC Sales Lists, and domestic listings. o The sheet has embedded frequencies for each type of listing, based on our requirements per jurisdiction. Therefore, you are required to provide only the price per single listing. 2. Corporate Tax: fees for corporate income tax compliance services, consisting of the preparation and filing of corporation tax and related returns per in scope jurisdiction. o

The sheet requests a single price per jurisdiction, as this is an annual occurrence. 3. Hourly Rates: fees for hourly rates for general/miscellaneous tax advisory services that may be necessary for optional scope work during the term of the contract. o The sheet has provided a fictional number of hours that we estimate we will be requiring for the first year, with estimated percentages of how these hours will be spread across the different employee levels. There is no commitment to meet this number of hours in reality. o GÉANT requests that the hourly rate per employee level is provided, which will be the agreed fee for the first year. The final sheet named "Total Quoted Price" will add the subtotals of each section together, which will result in one total fee for all in scope services. This price must be submitted to the according section in the Merccell portal, and is therefore the final price that will be scored in your Bid. All yellow-marked fields must be populated to ensure that each Bidder is scored equally. Failure to populate any single required field will result in your pricing sheet being scored with 0 points. Please note that all provided prices are to be fully committed to in Year 1 of the agreement. They may only be altered once a possible first indexation moment takes place. All prices must be stated clearly in the format required by the pricing schedule and must be exclusive of VAT unless stated otherwise.
