Titlu: Procurement procedure for a new Fly Ash Separation System to Waste-to-Energy Plant in Hjørring

Descriere: Nordværk I/S is Denmark's third-largest waste management company employing approximately 600 employees. Nordværk I/S is owned by seven municipalities in Northern Jutland: Aalborg, Hjørring, Brønderslev, Jammerbugt, Rebild, Mariagerfjord and Læsø.

Nordværk I/S' activities include – among other things – waste collection, the operation of recycling centers, landfills and environmental facilities as well as the handling of hazardous waste, clinical risk waste and pathological waste. Nordværk I/S also owns the company Nordværk Affaldsenergi, which operates waste-to-energy plants in Aalborg and Hjørring. In accordance with the current environmental permit of Nordværk Affaldsenergi's Waste-to-Energy Plant in Hjørring, Nordværk Affaldsenergi is obliged to install a Fly Ash Separation System. The scope of the procurement procedure is to conclude a contract with a contractor to carry out the design, manufacturing, supply, erection, commissioning, testing and takeover including the responsibilities in the defects notification period of a new Fly Ash Separation System to Nordværk Affaldsenergi's Waste-to-Energy Plant in Hjørring in order to fulfill the conditions in the environmental permit (hereafter referred to as "the Contract"). The scope of the Contract is further described in the tender material, in particular the document "Technical Specification".

Tip de procedură: Negociată cu publicarea prealabilă a unei proceduri concurențiale de ofertare / competitivă cu negociere

Procedura este accelerată: nu

Principalele caracteristici ale procedurii: The procurement procedure is conducted as a negotiated procedure in accordance with Directive 2014/25/EU of 26 February on procurement by entities in the water, energy, transport and postal services sectors and repealing Directive 2004/17/EC (hereafter referred to as "the Utilities Directive"). This means that any company that is not subject to grounds for exclusion and that meets the specified minimum

requirements may apply for pre-qualification. Nordværk Affaldsenergi will hereafter assess the application for pre-qualification and decide which companies that will be invited to participate in the tender phase. It will not be possible to attend the tender phase without having been prequalified. After receiving initial offers from the invited companies, Nordværk Affaldsenergi may conduct one or more rounds of negotiations with the companies and may request the submission of additional or revised offers. The procurement procedure will be conducted according to the following phases: 1. Submission of the application for pre-qualification: The companies submit the application for pre-qualification within the deadline for application for pre-qualification. In this period, the company can submit questions in writing regarding the pre-qualification. 2. Assessment of the applications for pre-qualification: After the expiry of the deadline for application for pre-qualification, Nordværk Affaldsenergi will assess the received application for pre-qualification including a suitability assessment. 3. Pre-qualification decision: Nordværk Affaldsenergi will inform the companies of the pre-qualification decision and invite the pre-qualified companies to submit offers. The following stages are only relevant to the companies who have been pre-qualified and are invited to submit offers: 4. Submission of initial offer: The companies prepare initial offer and submit initial offer within the deadline for submission of initial offers. In this period, the companies can obtain additional information regarding the initial offer by submitting questions in writing. 5. Evaluation of the initial offers: After the expiry of the deadline for submitting initial offers, Nordværk Affaldsenergi will conduct an evaluation of the received initial offers and assess the strength and weaknesses prior to the negotiations. 6. Negotiations: Based on the initial offers, Nordværk Affaldsenergi contains the right to conduct negotiations with the companies in accordance with the guidelines set forth below. During the negotiations, Nordværk might ask the companies to submit additional initial offers. 7. Submission of final offer: After the completion of the negotiations, the companies submit a final offer within the deadline for submitting final offer. In this period, the companies can obtain additional information regarding the final offer by submitting questions in writing. 8. Evaluation of final offer: After the expiry of the deadline for submitting a final offer, Nordværk Affaldsenergi will conduct an evaluation of the received final offers. The final offers will be evaluated in accordance with the contract award criteria and the evaluation method. 9. Award of the Contract: Nordværk Affaldsenergi makes the decision regarding the award of the contract and informs the companies hereof. If the winning company has not provided proof for the information stated in the ESPD earlier in the procurement procedure, the company must provide such proof prior to Nordværk Affaldsenergi's decision to award the Contract. Nordværk Affaldsenergi finally notes that certain aspects of the procurement procedure, such as the number of initial offers to be submitted before submitting the final offer as well as the number of negotiations may be subject to change.

Titlu: Procurement procedure for a new Fly Ash Separation System to Waste-to-Energy Plant in Hjørring

Descriere: Nordværk I/S is Denmark's third-largest waste management company employing approximately 600 employees. Nordværk I/S is owned by seven municipalities in Northern Jutland: Aalborg, Hjørring, Brønderslev, Jammerbugt, Rebild, Mariagerfjord and Læsø. Nordværk I/S' activities include – among other things – waste collection, the operation of recycling centers, landfills and environmental facilities as well as the handling of hazardous waste, clinical risk waste and pathological waste. Nordværk I/S also owns the company Nordværk Affaldsenergi, which operates waste-to-energy plants in Aalborg and Hjørring. In accordance with the current environmental permit of Nordværk Affaldsenergi's Waste-to-Energy Plant in Hjørring, Nordværk Affaldsenergi is obliged to install a Fly Ash Separation System. The scope of the procurement procedure is to conclude a contract with a contractor to carry out the design, manufacturing, supply, erection, commissioning, testing and takeover including the responsibilities in the defects notification period of a new Fly Ash Separation System to Nordværk Affaldsenergi's Waste-to-Energy Plant in Hjørring in order to fulfill the conditions in the environmental permit (hereafter referred to as "the Contract"). The Fly Ash Separation System has to be installed no later than 31. October 2027. The scope of the Contract is further described in the tender material, in particular the document "Technical Specification". Nordværk Affaldsenergi assesses that it will not be appropriate to divide the Contract into smaller subcontracts, as it is considered more suitable if it is the same company that carry out the Contract in its entirety.

5.1.9. Criterii de selecție

Sursele criteriilor de selecție: Anunț

Criteriu: Raport financiar

Descrierea criteriului de selecție: It is a requirement that the companies fulfil the following regarding the companies' economic and financial capacity: The companies must have reported a positive equity in the two (2) most recent available financial years.

Criteriu: Alte cerințe economice sau financiare

Descrierea criteriului de selecție: It is a requirement that the companies fulfil the following regarding the companies' economic and financial capacity: The companies must have maintained a solvency ratio ("solidity") of at least 10 % in at least to (2) of the three (3) most recent available financial years.

Criteriu: Referințe despre livrări specificate

Descrierea criteriului de selecție: It is a requirement that the companies fulfill the following regarding the companies' technical and professional capacity • The companies must submit a minimum of two (2) and maximum five (5) relevant and comparable references of a nature and scope similar of those described in this procurement procedure. The assignments to which the references relate must have been carried out within the past three (3) years calculated from the application deadline. Nordværk Affaldsenergi notes that by relevant and comparable references is meant assignments relating to: The design, manufacturing, supply, erection, commissioning, testing and takeover including the responsibilities in the defects notification period of a Fly Ash Separation System to a waste-to-energy plant or industrial plants/power plants. The assignments must be ongoing or completed within the last three (3) years counted from the application deadline. Each reference must include the following information: • Name of the reference client • Contact person of the reference client • Contract value • Start date (if applicable) and end date of the contract • Description of the works and services included in the reference • Description of the relevance of the reference to the Contract. The above information must be provided in the ESPD or in a separate reference list. If a separate reference list is submitted, the ESPD must clearly state that a separate reference list is submitted. If more than five (5) references are provided, Nordværk Affaldsenergi will only take the first five (5) references listed into account. Nordværk Affaldsenergi also notes that Nordværk Affaldsenergi will use the provided references in the assessment as to whether the technical and professional requirements are met, and – if relevant – for the selection process. Nordværk Affaldsenergi intends to pre-qualify three (3) companies to participate in the tender phase, selected from those companies who are not subject to any grounds of exclusion and who fulfil the requirements for economic and financial as well as technical and professional capacity. The selection of companies will be based on an evaluation of which companies that have documented the most relevant references in comparison with the Contract. This evaluation will be made based on the information provided under technical and professional capacity (references). Nordværk Affaldsenergi will, in assessing which companies to pre-qualify – place equal weight on the following selection criteria: • The extend to which the references are comparable to the Contract. • The size, scope and complexity of the referenced project • The extend to which documented experience is demonstrated by relevant types of work within the scope of the Contract.

Invoicing shall be carried out electronically in accordance with the Danish Act on Public Payments, etc. (Consolidation Act No. 494 of 4 May 2023). Accordingly, invoices shall be submitted electronically in OIOUBL format to Nordværk Affaldsenergi's EAN number 5790002836503. The payment term is 30 days net from receipt of a complete and valid invoice. All invoicing shall be free of charge and without any costs to Nordværk Affaldsenergi. Nordværk Affaldsenergi will only make payments to the bank account registered as the Contractor's primary account and associated with the Contractor's principal address and main CVR number. Payment shall be made solely and directly to the Contractor, and Nordværk Affaldsenergi shall therefore have no obligation to make payments directly to, for example, the Contractor's subcontractors or other similar parties.

Organizația responsabilă cu căile de atac: Klagenævnet for Udbud

Informații privind termenele-limită pentru reexaminare: I henhold til lov om Klagenævnet for Udbud gælder følgende frist for indgivelse af klage: Klage over ikke at være blevet prækvalificeret skal være indgivet til Klagenævnet for Udbud inden 20 kalenderdage fra dagen efter afsendelse af en underretning til de berørte ansøgere om, hvem der er blevet udvalgt, jf. udbudslovens § 171, stk. 2, eller klagenævnslovens § 2, stk. 1, nr. 1, når underretningen er

ledsaget af en begrundelse for beslutningen. I andre situationer skal klage over udbud være indgivet til Klagenævnet for Udbud inden: 1) 45 kalenderdage efter, at ordregiveren har offentliggjort en bekendtgørelse i Den Europæiske Unions Tidende om, at ordregiveren har indgået en kontrakt. Fristen regnes fra dagen efter den dag, hvor bekendtgørelsen er blevet offentliggjort. 2) 30 kalenderdage regnet fra dagen efter den dag, hvor ordregiveren har underrettet de berørte tilbudsgivere om, at en kontrakt baseret på en rammeaftale med genåbning af konkurrencen eller et dynamisk indkøbssystem er indgået, hvis underretningen har angivet en begrundelse for beslutningen. 3) seks måneder efter, at ordregiveren har indgået en rammeaftale, regnet fra dagen efter den dag, hvor ordregiveren har underrettet de berørte ansøgere og tilbudsgivere, jf. klagenævnslovens § 2, stk. 2, eller udbudslovens § 171, stk. 4. 4) 20 kalenderdage regnet fra dagen efter, at ordregiveren har meddelt sin beslutning, jf. udbudslovens § 185, stk. 2. Senest samtidig med at en klage indgives til Klagenævnet for Udbud, skal klageren skriftligt underrette ordregiveren om, at en klage indgives til Klagenævnet for Udbud, og om, hvorvidt klagen er indgivet i standstill-perioden, jf. klagenævnslovens § 6, stk. 4. I tilfælde, hvor klagen ikke er indgivet i standstill-perioden, skal klageren tillige angive, hvorvidt der begæres opsættende virkning af klagen, jf. klagenævnslovens § 12, stk. 1.
