Popis výberového kritéria: The applicant must provide turnover figures for the past 3 years. It is a minimum requirement that the applicant has had a total annual turnover of at least six (6) million DKK in each of the three (3) most recent available financial years. Under this section of the ESPD, the applicant must provide turnover figures for the three most recent available financial years. The supporting entities must confirm this liability in their letter of support. The supporting entities must use the contracting entity's template for the letter of support. It is a minimum requirement that the applicant is able to present at least 3 references. Only references relating to services that have been completed at the time of application will be considered in the evaluation. If the assignment is ongoing, only those parts of the services already completed at the time of application will be included in the assessment of the reference. It is the applicant's responsibility, in the description of the references, to specify that the relevant part of the service has already been completed at the time of application. In the evaluation, the contracting entity will place particular emphasis on the best and most relevant experience with comparable services.
