The template is included as an appendix to the tender specifications. If the Tenderer constitutes an association of companies (e.g. a consortium), the Tenderer must also submit a consortium declaration in which all consortium participants declare that they are jointly and severally liable with each other if the consortium is awarded the agreement. The template appears as an appendix to the tender specifications. Estimated value of the agreement: It should be noted that the amount is an estimate of the expected contract price for the agreement. Popis výberového kritéria: For the last 3 audited financial years, as a minimum the Tenderer must for each year have had a net turnover of DKK 3,600,000.00.

The agreement, to which the reference refers, must not be more than 3 years old. The date is calculated from the last signature on the agreement referred to.

5.1.10. Kritériá na vyhodnotenie ponúk

Kritérium:

Typ: Cena

Názov: Price

Opis: The price to be evaluated is the Total Tender Price, specified in Appendix 2 – Prices. DTU uses a linear point scale model to evaluate the Tenderers' prices. The linear model implies that the offered prices are converted into points, and the offered prices are awarded points on a scale from 0-10. Thus, lowest price is awarded maximum points 10, while prices that are 100% or more expensive / higher than the lowest price are awarded 0 points. Other prices in between are awarded points according to linear interpolation. If more than one of the tenders are awarded 0 points, the threshold for 0 points is adjusted upwards by 5 percentage points until only one tenderer is awarded 0 points. However, the threshold for 0 points will not be adjusted to higher than 200 %. If all tenders deviate by less than 10 % from the lowest price, the threshold for 0 points changes by 5 percentage points in the downward direction until a minimum of 1 tender is below 9 points. However, the threshold for 0 points will not be adjusted to less than 50 %. The above is an expression of the economic sub-criterion being assessed relatively, which means that the offers are assessed against each other.
