Vrsta postopka: S pogajanji, s predhodno objavo javnega razpisa / konkurenčni postopek s pogajanji

Glavne značilnosti postopka: The procurement will take place in compliance with the Act on Public Procurement and Concession Contracts (also "Procurement Act", 1397/2016). The negotiated procedure is used in the procurement because the contract cannot be awarded without prior negotiations due to: 1) the needs of the Contracting Entity cannot be met without adapting existing solutions; 2) the procurement includes design or innovative solutions; and 3) the procurement has specific circumstances related to its nature, complexity, legal and financial form, and because of the risks pertaining thereto. (Procurement Act, Sections 34-35).

The negotiated procedure is used, since the procurement involves planning, complexity, and for specific reasons related to its nature and legal aspects, and because of the risks involved, no agreement can be concluded without prior negotiations.

PROCESSING OF REQUESTS TO PARTICIPATE Contracting Entity 1. Opens the requests to participate 2. Reviews the candidates' responses regarding suitability 3. The Contracting Entity may wholly or partially interrupt the procurement procedure for legitimate and justifiable reason. The documents of the procurement are available in English. Should the tenderer wish to obtain the tender documents in another language, he must himself arrange for their translation and bear the costs thus incurred. The language used in the negotiations is English. In case agreed, Finnish can be used. No compensation will be paid to companies for preparation a request to participate, a preliminary tender and a final tender, presentation or otherwise taking part in the procedure. The Contracting Entity has utilized PTC Services Oy. The experts of the company mentioned are unable to act as candidate's or tenderer's advisor during the procedure
