2.1. Postopek

Naslov: Framework agreement for pest control
Opis: Background Randaberg municipality and Sola municipality (henceforth referred to as the Contracting Authority) have a continual need for pest control services in municipal buildings, outside areas and sewage installations. The contract shall ensure legal execution, good follow-up, fixed reporting and relevant documentation throughout the entire contract period. The contracting authority places particular emphasis on the tenderer working systematically and preventively, using appropriate methods for mapping, preventing and controlting, and choosing systems that give the desired result with as few adverse effects as possible for health and the environment. Furthermore, it is important that the tenderer contributes with good guidance, close follow-up and continual improvement work. Description of the assignment The procurement is for a framework agreement for pest control and associated material for the Contracting Authority. The delivery shall cover the needs of municipal buildings and properties, water and sewage facilities as well as parks and public recreation areas. The assignment includes mapping, planned and routine preventive and controlling measures, targeted commitments, urgent calls for acute needs and the necessary advice and follow-up. It shall also be possible to order separate development packages for water and sewage redevelopment. The assignments shall be carried out by a certified pest control system and in accordance with the current rules.
