2.1. Förfarande

Titel: 2026 Offaly County Council Housing Maintenance: Pre-let Repair Term Maintenance and Refurbishment Works on Council owned housing stock using the Multi Party Framework Agreement

Beskrivning: Offaly County Council intend to establish a Framework Agreement for use with a Term Maintenance and Refurbishment Works Contract (TMRC) to carry out pre-let repairs and refurbishment works on council owned stock. The properties will be mainly vacant but some will be occupied during the works. It is expected that works will be carried out on approximately 35 houses over the intended 1 year term of the contract. Approximately 30 per cent of the properties will require major works e.g. EWI (Solid Walls), re-plumb, rewire, replace windows and doors, Heat pump, close up chimney etc., new bathroom, kitchen and internal doors, replace boundary fencing, paint internally, all other standard servicing and replacement for items for pre-lets, etc. The other 70 per cent will require standard works e.g. service or replace existing gas/oil boiler, replace external teak doors, service windows, kitchen, bathroom (replace taps, handles, seals, etc), extend tiling around bath, top up attic insulation, electrical checks and minor repairs/additions, fit new alarms, fit new immersion and cylinder, service /replace iron monetary on internal doors, paint internally, tidy up externally, replace/repair boundary fences if needed, remove waste and contents etc. It is proposed to establish a multi-participant framework list of qualified participant contractors who can be called upon to carry out Task Orders under the terms of the TMRC. A list of 12 participants and 5 reserve participants will be established, participants will be ranked on lowest price and must qualify under the requirements of the Suitability Assessment Questionnaire. All items listed in Volume C Pricing Document must be priced. It is intended to award works using Option C (Application of framework rates) of the Agreement for the majority of the properties requiring works. The process will proceed as follows: When a pre-let becomes available to repair, Offaly County Council staff shall visit the property to inspect it, take measurements and prepare a works list by selecting the appropriate items from the pricing document. The council will, without consulting the participants (contractors), apply the framework rates tendered in each framework participants pricing document to the quantities and having extended the rates and quantities and summed them, determine the lowest comparative price. A task order will be

offered to the framework participant with the lowest comparative cost. Alternatively, Offaly County Council may hold a mini tender competition under Option A (Mini-competition with all participants) of the Agreement among framework participant contractors who have met the mandatory criteria. The participants will be asked to price the list of works for the property via e-tenders quick quote system. The participant will be deemed to have thoroughly review all information supplied with the task order / mini competition tender and have acquainted themselves with the nature, scope, and extent of all proposed work before responding to the Task Order / mini competition in accordance with the conditions of contract. All participant contractors will have to be first approved by Offaly County Council Health Safety Officer to perform the duties of PSCS before being appointed. This is a pass/fail requirement for this contract.
