Frankrike – Installationer till havs – Offshore Wind – Long term Framework Agreement for offshore heavy lift capacities to transport and install wind turbines and perform additional works related to offshore wind

OJ S 157/2024 13/08/2024

Meddelande om upphandling eller koncession – standardsystem

Tjänster

1. Upphandlare

1.1. Upphandlare

Officiellt namn: EDF Renouvelables

E-postadress: jerome.maugard@edf-re.fr

Köparens rättsliga status: Offentligt företag

Den upphandlande enhetens verksamhet: Elrelaterad verksamhet

2. Förfarande

2.1. Förfarande

Titel: Offshore Wind – Long term Framework Agreement for offshore heavy lift capacities to transport and install wind turbines and perform additional works related to offshore wind

Beskrivning: Long term Framework Agreement for an approximative duration of 5 years with a potential start date between 2029 and 2030 offshore heavy lift capacities to transport and install wind turbines and perform additional works related to offshore wind. The Framework Agreement includes optional scope related to Engineering, Management, Asset Operation

Förfarandets identifierare: aeef818d-b59d-4181-a79d-82c927fb76d6

Intern identifierare: Offshore Wind – Long term Framework Agreement for offshore heavy lift capacities to transport and install wind turbines and perform additional works related to offshore wind

Typ av förfarande: Förhandlat förfarande med föregående meddelande om upphandling/under konkurrens

2.1.1. Föremålet för upphandlingen

Kontraktets art: Tjänster

Huvudklassificering (cpv): 76521000 Installationer till havs

Ytterligare klassificering (cpv): 71318000 Byggtekniska konsulttjänster och rådgivning, 76300000 Borrtjänster

2.1.2. Leveransplats

Var som helst

Kompletterande information: Performance of the services will be requested in different geographical areas worldwide including but not limited to Europe, USA and APAC.

2.1.4. Allmänna upplysningar

Kompletterande information: Candidates shall download documents and submit their applications via the appropriate Procurement Notice referenced "AVIS007394 ". Offshore Wind – Long term Framework Agreement for offshore heavy lift capacities to transport and install wind turbines and perform additional works related to offshore wind" in the EDF Group Procurement Portal <https://pha2.edf.com>

Rättslig grund:

Direktiv 2014/25/EU

5. Del (anbudsområde)

5.1. Del (anbudsområde): LOT-0001

Titel: Offshore Wind – Long term Framework Agreement for offshore heavy lift capacities to transport and install wind turbines and perform additional works related to offshore wind

Beskrivning: 60 months Framework Agreement for offshore heavy lift capacities to transport and install wind turbines and perform additional works related to offshore wind

5.1.1. Föremålet för upphandlingen

Kontraktets art: Tjänster

Huvudklassificering (cpv): 76521000 Installationer till havs

Optioner:

Beskrivning av alternativen: Services related to Engineering, Management, Asset Operation

5.1.2. Leveransplats

Var som helst

5.1.3. Uppskattad löptid

Varaktighet: 60 Månader

5.1.4. Förlängning

Högst antal förlängningar: 0

5.1.6. Allmänna upplysningar

Reserverad upphandling:

Deltagande är inte reserverat.

Upphandlingsprojekt som inte finansieras med EU-medel

Upphandlingen omfattas av Världshandelsorganisationens avtal om offentlig upphandling, GPA

: ja

5.1.9. Urvalskriterier

Kriterium:

Typ: Teknisk och yrkesmässig kapacitet

Namn: The minimum requirements in terms of experience, technical requirements are specified therein

Beskrivning av urvalskriterium: Heavy lift vessel capacity: For asset capable of installing 15MW turbine and more, Candidate shall present the existing fleet, fleet in construction, under discussion and subject to decision of investment expected to arrive on the market before 2032, as well as plan for crane upgrade / leg extension or any major modification that could allow to increase the capacity of installation capabilities. Candidate shall detail in a schedule which maximum size of turbine that the intended fleet should be capable of installing, as well as the logbook of each vessel identified. For each vessels planned to be built, detail if a slot of fabrication is already reserved in a specific Yard and corresponding period and delivery date. 1 detailed datasheet per asse with technical specification should be provided Experience in WTG Installation: Candidate shall detail its experience (past & future) in WTG installation over the 2020-2028 period and involving JUV >1600t crane Project identification & short description Contract key milestones dates form of contract, scope of works and split of responsibilities with OEM & Client Description of engineering expertise (mention if in-house or subcontracted) required to operate the vessel (at least for SSA / LPA / lifting plan /

Seafastening / stability / grillage design). For the specific case of US: brief description of base case approach to comply with Jones Act when performing a full WTG installation , risk approach philosophy with regards to feeder, transport transfer and installation phases. View on the split of role and responsibilities. Detail of the Marine Spread that could be proposed. Past performance (detailed statistics per vessel on installation rate, Mechanical Breakdown, weather stand by, maximum operational limit encountered during the project for Jacking / transit / lifting WTG Component) Experience in foundation & transition piece Installation : Candidate shall detail its experience (past & future) in foundation installation over the 2020-2028 period and involving JUV >1600t crane Project identification & short description Contract key milestones dates form of contract, scope of works and split of responsibilities Engineering expertise realised (in house & subcontracted) Past performance per type of foundation (detailed statistics per vessel on installation rate, mechanical breakdown, weather stand by, maximum operational limit encountered during the project for standard operation lacking / transit) Other windfarm related services that Candidate can provide Kriterierna kommer att användas för att välja anbudssökande som bjuds in att delta i det andra steget i förfarandet

Kriterium:

Typ: Teknisk och yrkesmässig kapacitet

Namn: The minimum requirements in terms of health and safety, quality and E&S management are specified therein:

Beskrivning av urvalskriterium: Documents shall be provided by each candidate individually, or if applicable, by each member of the consortium or the declared subcontractors. In case one or several activities listed below were subcontracted, subcontractor name and capabilities shall be described in the Candidate's response. Certifications: the candidate shall demonstrate having implemented and maintained a quality management system according to the standard EN ISO9001, or other equivalent system of quality management. The candidate shall provide: • ISO 9001 certificate (or equivalent) • Quality Policy • Quality Objective for the year and associated resources • The last ISO 9001 (or equivalent) audit report from certifying authority the candidate shall demonstrate having implemented and maintained an environmental management system according to the standard ISO14001, or other equivalent system of environmental management, the candidate shall demonstrate having implemented and maintained a health and safety management system according to ISO 45001 or other equivalent system. The candidate shall also provide its corporate HSE Policy, a copy of its HSE Management system, and HSE KPIs (accidents and incidents) from the past 5 years, including the ongoing year. HSE KPI's include: • Yearly worked hours • Number of incidents per category (Fatality, Loss Time Injuries, Restricted Work Cases, Medical Treatment Injury, First Aid Injuries, Environmental, Occupational Illness, Near Misses, High Potential Events) • Lost work days • Lost time incident frequency rate • Total recordable injury frequency rate • Severity Rate • Number of Environmental incidents • Number of HSE observation cards • Number of Management visits

Kriterierna kommer att användas för att välja anbudssökande som bjuds in att delta i det andra steget i förfarandet

Kriterium:

Typ: Ekonomisk och finansiell ställning

Namn: The following documents must be provided by the Tenderer as part of his reply to the contract notice.

Beskrivning av urvalskriterium: The following documents have to be provided by each candidate individually, or if applicable, by each member of the consortium as part of his reply

to the contract notice: All economic and financial documents must be certified by the competent legal entities of the candidate's country or by a third party audit: Candidates may be either single companies or consortium: — In all cases the Candidate shall provide description of qualification and experience of subcontractors (or potential sub-contractors) to whom major parts of the works are going to be subcontracted. — In case the Candidate is a joint venture, a statement identifying the parties, — In case the Candidate is a consortium, a statement identifying the parties and confirming that they will be jointly and severally liable ('conjoint et solidaire') or with a jointly liable leader ('mandataire solidaire'), A tenderer, which will submit an offer as member of a consortium or a joint venture, may not submit an offer as a single company or with another consortium or joint venture. — description of corporate ownership and corporate structure. If the company is a subsidiary, the name of the parent company and ultimate parent company must be stated as well as the name of a French representative, if any, — if the candidate plans to subcontract part of the future service, the candidate shall provide a list of the services he plans to subcontract for information, — corporate headquarters locations and list of worldwide locations (subsidiaries, affiliates, joint ventures, distributors) specifying the type of functionality (production, service, sales). The candidate shall be set up in a legal form that allows for a clear assessment of its means, organization and the sharing of responsibilities, — last 3 audited financial statements on a consolidated basis in English or French specifying turnover, EBIT, and number of employees in total, — declaration that the company neither filled or is involved in insolvency proceedings and that insolvency proceedings have not been refused for lack of assets, — rating of an independent rating agency, whose rating is based on relevant European standards or equivalent criteria if available, — proof of valid professional indemnity insurance stating the amount insured and any relevant insurance for the performance of the services. Minimum level(s) of standards possibly required: The contracting entity will assess the financial standing of bidders using its standard financial assessment model. This model evaluates the financial position of a company based on the detailed and audited financial statements (balance sheet, income statement and cashflow statement) of the 3 last years. Financial guarantee: Tenderers shall be in a position to provide securities such as an advance payment bond and on demand performance bond and a parent company guarantee (if required),. Any deviation to these requirements shall be clearly stated in the applicants' answer Framework Agreement will be governed by French Law

Kriterierna kommer att användas för att välja anbudssökande som bjuds in att delta i det andra steget i förfarandet

Kriterium:

Typ: Lämplighet att utöva yrkesverksamhet

Namn: Tenderer shall provide in his application

Beskrivning av urvalskriterium: — an extract from the registration in the Trade and Companies Register (Kbis form or registration form) dated less than 3 months before the deadline for reply; or a certificate of deposit of the declaration filled at a business registration center for legal or natural persons in the course of being registered, — a document stating Tenderer's identity and address or, where applicable, details of his tax representative in France. the dated and signed version of the document "Statement of Integrity, Eligibility and Environmental and Social Responsibility" available in the Procurement Notice referenced "AVIS007394 - Offshore Wind – Long term Framework Agreement for offshore heavy lift capacities to transport and install wind turbines and perform additional works related to offshore wind".

Kriterierna kommer att användas för att välja anbudssökande som bjuds in att delta i det andra steget i förfarandet

Information om det andra steget i ett förfarande med två steg:

Förfarandet kommer att äga rum i på varandra följande steg. I varje steg kan några deltagare komma att uteslutas

5.1.11. Upphandlingsdokument

Åtkomsten till vissa upphandlingsdokument är begränsad

Information om begränsade dokument finns på: <https://pha2.edf.com/>

5.1.12. Upphandlingsvillkor

Villkor för inlämning:

Elektronisk inlämning: Krävs

Adress för inlämning: <https://pha2.edf.com/>

De språk som kan användas i anbuden eller anbudsansökningarna: engelska

Elektronisk katalog: Ej tillåten

Alternativa anbud: Tillåten

Beskrivning av den finansiella garantin: Performance bonds and/or advance payment bonds and or parent company guarantee might be required

Kontraktsvillkor:

Kontraktet måste genomföras inom ramen för program för skyddad anställning: Nej

Villkor som gäller genomförandet av kontraktet: French Law

Ekonomiska arrangemang: Performance bond and or advance payment bon and or parent company guarantee might be required

5.1.15. Metoder

Ramavtal:

Upphandlingen avser inte ett ramavtal

Information om det dynamiska inköpssystemet:

Upphandlingen avser inte ett dynamiskt inköpssystem

Elektronisk auktion: nej

5.1.16. Kompletterande information, medling och prövning

Medlingsorganisation: Tribunal de grande instance de Nanterre

Prövningsorganisation: Tribunal de grande instance de Nanterre

Organisation som ger kompletterande information om upphandlingsförfarandet: EDF
