### 2.1. Förfarande

Titel: Expansion of Buksefjorden Hydroelectric Power Plant 3

Beskrivning: The contract concerns the design, manufacturing, supply, erection, testing and commissioning of a complete and fully functional expansion of Buksefjorden hydroelectric power plant and transfer tunnel. The contractor shall as a turnkey contractor be responsible for: • performing the design of the construction project, and • executing and performing all design and build services to deliver a fully and operational expansion of Buksefjorden hydroelectric power plant. The contract is based on the general conditions for design and build contracts (ABT 18) issued by the Danish Ministry of Transport, Building and Housing in June 2018.

Förfarandets identifierare: 284c1277-9220-4667-b8b0-5b7472f038ec

Typ av förfarande: Förhandlat förfarande med föregående meddelande om upphandling/under konkurrens

Förfarandet är påskyndat: nej

Förfarandets viktigaste kännetecken: The contracting entity will apply a competitive procedure with negotiations as the prior negotiations are necessary to guarantee that the works are perfectly adapted to the contracting entity's specific needs and because of the specific circumstances related to the design and performance of construction works in Greenland, and the risks attaching to them. The contracting entity will pre-qualify minimum two and maximum four candidates who will be invited to tender. To be considered for pre-qualification the candidates must meet the minimum requirements on economic and financial standing as well as technical and professional ability, as set out below and in the prequalification conditions. The economic operator cannot be subject to an exclusion ground as set out in the ESPD, that is part of the pre-qualification material and must be filled out by the economic operator. The economic operator must sign a statement on processing personal data and a statement concerning restrictive measures in view of Russia's actions destabilising the situation in Ukraine.
