**Norway – Architectural, construction, engineering and inspection services – Prequalification:
Procurement of consultancy services within planning and engineering design.**

OJ S 190/2025 03/10/2025

Contract or concession notice – standard regime

Services

1. Buyer

1.1. Buyer

Official name: ENIDA AS

Email: jao@svw.no

Legal type of the buyer: Public undertaking

Activity of the contracting entity: Electricity-related activities

2. Procedure

2.1. Procedure

Title: Prequalification: Procurement of consultancy services within planning and engineering design.

Description: The aim is to enter into an identical framework agreement with up to 5 tenderers for the provision of consultancy services within planning and engineering design. The aim of the framework agreement is to assist the contracting authority professionally and in processes for grid development projects in Enida's area. Tenderers must facilitate the entity in such a way that it is capacity to meet the contracting authority's needs in the contract period. The framework agreement will be valid for 4 years from when the contract is signed. The contracting authority has a unilateral option to extend the contract for a further 2+2 years. The maximum contract period is 8 years. The framework agreement's total estimated annual volume is NOK 3,000,000, excluding VAT. The total estimated volume for the framework agreement is NOK 12,000,000, excluding VAT over 4 years, but the estimates are subject to great uncertainty. The maximum value of the framework agreement is NOK 35,000,000 excluding VAT. This includes options. Please note that the stated volumes do not obligate the contracting authority. The total volume will i.a. depend on grants, as well as own capacity at the contracting authority.

Procedure identifier: 699d378f-24d2-4353-bd8c-5dc0527993e7

Internal identifier: E2025

Type of procedure: Negotiated with prior publication of a call for competition / competitive with negotiation

The procedure is accelerated: no

Main features of the procedure: The aim is to enter into an identical framework agreement with up to 5 tenderers for the provision of consultancy services within planning and engineering design. The aim of the framework agreement is to assist the contracting authority professionally and in processes for grid development projects in Enida's area. Tenderers must facilitate the entity in such a way that it is capacity to meet the contracting authority's needs in the contract period. The framework agreement will be valid for 4 years from when the contract is signed. The contracting authority has a unilateral option to extend the contract for a further 2+2 years. The maximum contract period is 8 years. The framework agreement's total estimated annual volume is NOK 3,000,000, excluding VAT. The total estimated volume for

the framework agreement is NOK 12,000,000. excluding VAT over 4 years, but the estimates are subject to great uncertainty. The maximum value of the framework agreement is NOK 35,000,000 excluding VAT. This includes options. Please note that the stated volumes do not obligate the contracting authority. The total volume will i.a. depend on grants, as well as own capacity at the contracting authority. After the tenders have been received, the Contracting Authority plans to carry out negotiations with suppliers. Any negotiations may be carried out in several phases/rounds of negotiations, where the Contracting Authority reserves the right to reduce the number of tenders to be negotiated. A first reduction of the number of tenders can occur prior to the negotiations, cf. the Utilities Regulations § 19-12 (4). Any reductions in the number of tenders will be made on the basis of the award criteria. The contracting authority also reserves the right to award the contract without conducting negotiations.

5.1.1. Purpose

Main nature of the contract: Services

Main classification (cpv): 71000000 Architectural, construction, engineering and inspection services

Additional classification (cpv): 71240000 Architectural, engineering and planning services, 71248000 Supervision of project and documentation, 71250000 Architectural, engineering and surveying services, 71300000 Engineering services, 71310000 Consultative engineering and construction services, 71320000 Engineering design services, 71500000 Construction-related services, 71520000 Construction supervision services, 71530000 Construction consultancy services, 71540000 Construction management services, 71600000 Technical testing, analysis and consultancy services, 71620000 Analysis services, 71630000 Technical inspection and testing services, 71700000 Monitoring and control services

5.1.2. Place of performance

Country subdivision (NUTS): Rogaland (NO0A1)

Country: Norway

5.1.3. Estimated duration

Duration: 96 Months

5.1.4. Renewal

Maximum renewals: 2

5.1.6. General information

Reserved participation:

Participation is not reserved.

The procurement is covered by the Government Procurement Agreement (GPA): yes

5.1.9. Selection criteria

Sources of selection criteria: Procurement Document

5.1.11. Procurement documents

Languages in which the procurement documents are officially available: Norwegian

Address of the procurement documents: <https://permalink.mercell.com/266939874.aspx>

5.1.12. Terms of procurement

Terms of submission:

Electronic submission: Required

Address for submission: <https://permalink.mercell.com/266939874.aspx>

Languages in which tenders or requests to participate may be submitted: Norwegian

Electronic catalogue: Not allowed

Variants: Not allowed

Deadline for receipt of requests to participate: 31/10/2025 11:00:00 (UTC+00:00) Western European Time, GMT

Terms of contract:

The execution of the contract must be performed within the framework of sheltered employment programmes: No

Conditions relating to the performance of the contract: The contract will be carried out as described in the procurement documents. The framework agreement includes either NS 8401, NS 8402 or NS 8403. Which of the above mentioned standard contracts will be used will be stated in each call-off. Unless otherwise stated, the standard that has the most suitable purpose and use for the call-offs applies, cf. NS 8401, 8402 and 8403.

Financial arrangement: The stated hourly rates in the different price categories shall be used during the execution of assignments in the framework agreement. The rates shall cover the service provider's profits and costs, including costs for administration, office management, internal copying and data processing. The parties can, once in a calendar year, require index development of agreed hourly rates in accordance with the last available index figures in the sub-index for 09525 Construction Engineering consultancy services in Statistics Norway's "Manufacturer price indexes for services". In writing, the indexation requirement is to be notified to the other party by 31 January at the latest. If neither party has notified index development by this date, the right to demand indexation is withdrawn for the calendar year in question. Index regulation can be set, at the earliest, 1 January 2027. See the procurement documents, including the contract, for a more detailed description of the financial terms.

5.1.15. Techniques
